

GBC honors three Browns

The **Greater Baltimore Committee** honored Baltimore philanthropists Eddie and Sylvia Brown and Maryland Lt. Gov. Anthony Brown at its 2008 annual meeting on Wednesday. The Browns were named recipients of the 2nd Annual Walter Sondheim Public Service Award for their "quiet philanthropy." The Browns have contributed more than \$17 million to a range of causes focusing largely on education and the arts in Baltimore, without seeking any public recognition. Eddie Brown is president and CEO of **Brown Capital Management Inc.**, an institutional investment management firm. Lt. Gov. Brown (no relation to Eddie and Sylvia) received the GBC's Regional Visionary Award in recognition of his dedication in addressing issues related to base realignment and closure.
